Since it appears that the parties are co-operating to ensure that appropriate treatment is received by the daughter for her skin ailment and the petitioning father has no grievance regarding the visitation rights as granted by the trial court at this stage, CO 1419 of 2014 is disposed of. The petitioner will have liberty, at a subsequent stage, to seek increased duration of visitation.

It is hoped that the wife will keep the husband informed of the daughter's treatment and the parties will co-operate in this regard, including the husband being entitled to take the daughter to any other doctor if the need so arises.

There will be no order as to costs.

Urgent certified website copies of this order, if applied for, be made available to the parties upon compliance of the requisite formalities.
